

Request a Pension Estimate (ESTREQ)

Important Information

Members of the HSC Pension Scheme (HSCPS) should note the following:

1. Employees can only request Pension estimates on behalf of themselves. Requests for other estimates for other Scheme members will only be accepted from the relevant HR department
2. Pension estimates will only be processed if you are within one year of normal retirement age, unless there are exceptional circumstances i.e. Ill Health Retirement or Voluntary Early Reduction Retirement. Based on the information you provide, the Payroll Pensions Team will advise you if a Pension estimate **cannot** be completed (normally by return email)
3. The information required for completing Pension estimates will be sent from the Payroll Pensions Team directly to the HSCPS on your behalf. Whenever HSCPS have complete your Pension estimate request, they will post the illustration directly to your home address or via email (Trust email address)
4. Please note that if you have already requested a Pension estimate within the past 12 months, subsequent requests are subject to a potential fee. The HSCPS schedule of charges can be found on the HSCPS website at: www.hscpensions.hscni.net – HSCPS will confirm payment before any estimate is processed
5. You can find a range of calculators on the HSCPS website which will assist you in determining an estimate of your pension benefits
6. Please note that the standard turnaround time for an estimate to be completed by the Payroll Pension team is six weeks. Once HSCPS are in receipt of your estimate request, the turnaround time is an additional six to eight weeks

Part 1 – Estimate Request Option

Please select the reason for your estimate from the options below (select one):

Please provide any additional information that you deem applicable to your request:

Part 2 – Member Details

Full Name

Date of Birth

--	--	--	--	--	--	--	--	--	--
