

## Pension Increase 2023

### Members on a basic pension:

NIFRS is working on the April 2023 pension increase we are currently anticipating that the uplift and payment of arrears will be made by the 1<sup>st</sup> August 2023 to members on a basic pension.

### Members in receipt of other benefits that impact their pension:

Where we have received signed declarations under GDPR, we have made a request to the relevant Agency for the information we need to calculate the pension increase. As soon as this information is received, we will be in a position to administer your pension increase and arrears and will do this as quickly as we can. If you have received a request for a signed declaration and have not yet returned this to us, please do so as soon as possible as this will delay our ability to process your pension increase.

We will keep you informed of any changes on the web-site.

Regards,

NIFRS Pensions
