HSC Pension Service Retirement benefits claim form (AW6)

- Guidance notes for applicants

Part 1 – About yourself

Please enter details about yourself including your contact telephone number and email address, if you have one. You must show your original birth certificate or an original certified copy of it to your employer. If you do not have an original birth certificate you may show them your original passport.

Part 2 – About your status

2.1

It is important that you tell us your current status and supply details of your spouse or civil partner, if you have one. This information is used in the event of your death and informs us if there are any survivor's benefits payable if you die before your spouse or civil partner. Having these details will speed up the payment of any survivor's benefits due and will also put less strain on your dependants at that time.

We ask you to show various certificates and other papers to your employer.

2.2

A children's pension may be payable on your death. The terms 'children pension' and 'child' can cover a number of other possible dependants as well as your own children – see below for more information.

Where your **Scheme membership extends beyond 31st March 2008** a pension may be paid if the child is dependent on you, both at retirement and on your death, and they are:

- Under age 23, or
- Aged 23 or over and incapable of earning a living due to a permanent physical or mental infirmity which he/she was suffering at the time of your death

Where you **Scheme membership ended before 1 April 2008** a pension may be paid if the child is dependent on you, both at retirement and on your death, and they are:

- Under age 17, or
- Aged 17 or over but still in full time education or training and have been so continuously since the age of 17 until they reach a maximum age of 23, or
- Aged 23 or over and incapable of earning a living due to a permanent physical or mental infirmity which he/she was suffering at the time of your death

"Child" can include:

- Biological children;
- Children of your civil partner or nominated qualifying partner;
- Step children and adopted children;
- A brother, sister, nephew or niece of you, your spouse, civil partner or nominated qualifying partner;
- A grandchild;
- A half-brother, half-sister, step brother or step sister of you, your spouse, civil partner or nominated qualifying partner
- Children born before and within 12 months of the date you left the scheme with deferred benefits

Enter the details of any qualifying children in the boxes.

Part 3 – Allocation of Pension

Allocation is giving up a part of your pension to provide a pension for somebody else when you die, for example a member of your family or a close friend (your beneficiary). This means your pension will be reduced at your retirement. If you die before your beneficiary they will then get that part of your pension you have allocated to them for life. You can allocate to anyone you choose as long as they are at least partially dependent on you. If you allocate to your spouse, civil partner or nominated qualifying partner they will get the allocated pension as well as their survivor's pension from the Scheme. Please note that the pension you give up does not count against the standard Lifetime allowance.

When can you allocate? An application to allocate must be made with this form by completing form AW6/11A which is included as part of the 'Guide for Pensioners and their dependants' pack available on our website at: www.hscpensions.hscni.net. The form must be attached to this application form and once your benefits have been put into payment an application to allocate cannot be accepted. Please note you cannot cancel the allocation and keep the pension at a later date, even if the beneficiary dies before you.

Part 4 – Additional Voluntary Contributions (AVC)

Additional Voluntary Contributions form part of your overall Lifetime Allowance total. In order for HSC Pension Service to notify your AVC provider of the Lifetime Allowance accrual from our scheme, we require as much information requested on this form.

Part 5 – HM Revenue and Customs (HMRC) information

To comply with HMRC legislation it is important that you complete these questions correctly. Failure to do so may delay the payment of your pension and lump sum.

5.1

You must answer this question. If you do not have any other pension arrangements outside the HSC Pension Scheme, tick 'no' and go straight to question 5.6. 'Any other pension arrangement' does not include any State Pension benefits you are being paid or any pensions that you are being paid as a survivor or dependant.

5.2

If you have answered 'yes' to question 5.1 you must also complete this question by ticking the appropriate box. If you answer 'Yes' or 'Do not know', you need to read the Tax information section of our website. If you tick 'No' go straight to question 5.6.

5.3

If you answer 'Yes' please complete both questions 5.3 (i) and 5.3 (ii). If you do not know the percentage of the Lifetime Allowance (LTA) used, or the date your benefits crystallised, your other pension provider(s) will be able to confirm these details for you. The date of the Benefit Crystallisation Event (BCE) cannot be before 6 April 2006. This date is important as it could affect the calculation of the LTA you have used. If you answer 'No' please continue to question 5.4

5.4

If you answer 'Yes', please complete question 5.4(i) confirming the total annual pension in payment at the earlier of either the date of the first BCE (see 9.3(i)), or the date you are completing this form. If you answer 'No' please go to question 5.5.

5.5

Please tick this box if you cannot provide the percentage figure and BCE date, or the amount of pension in payment for a pension that started before 6 April 2006 and you wish your benefits to be paid before you can confirm this information. Your application will be processed by treating your HSC Scheme benefits as entirely in excess of the standard LTA and applying the LTA Charge of 55% to your lump sum and 25% of the capital value of your pension (this is the pension payable multiplied by 20). When the details are known please let HSC Pension Service know in writing and the charges will be checked and amended as appropriate. Any over deducted charges will be returned. Please continue to question 5.6.

5.6

If you answer 'Yes' you must enclose a copy of your certificate with this application form and confirm the certificate reference number in the box provided. If you have more than one certificate then please add the reference number(s) to the form and enclose a copy of each protection certificate.

Part 6 – Retirement lump sum

6.1

In this part of the form we ask you to indicate the Section(s) or Scheme you are claiming from by ticking the appropriate box(s). Tick all boxes that apply and follow the instruction to complete the relevant remaining questions in this part. If you are unsure which Section of the Scheme you are claiming your benefits from please refer to the Member Self Service available at: <https://mypension.hscni.net/> or ask your employer.

Please refer to member self-service wherein you can use your most recent annual benefit statement, alongside our lump sum calculators, to determine your minimum and maximum additional lump sum amounts. Should you wish to request an estimate of your pension benefits at your desired date of retirement, please visit: <http://www.hscpensions.hscni.net/?s=request+an+estimate> for more information.

6.2 1995 Section

If your Scheme membership extends beyond 31 March 2008, you have the option to increase your lump sum by converting some of your pension. Pension is converted to lump sum at the rate of £12 additional lump sum for every £1 of pension given up. You can find a calculator tool to help you model the amount of additional lump sum you can claim on our website at: www.hscpensions.hscni.net. Claiming a bigger lump sum does not affect the level of adult dependant's pension or children's pension payable. You must indicate whether or not you want an additional lump sum by ticking the appropriate box. If you want an additional lump sum then select either:

- A. the maximum lump sum, which may incur a tax charge; or
- B. enter an additional lump sum in whole £s in multiples of £12, which together with your standard lump sum is less than the permitted maximum lump sum.

6.3 2008 Section

Unless you opted to move your membership from the 1995 Section to the 2008 Section under the "Choice" exercises, there is no basic lump sum entitlement. However, you do have the option of receiving a retirement lump sum by giving up part of your pension. You have to give up some of your pension to pay for the mandatory lump sum if you transferred membership under "Choice" and for any other lump sum. You will receive £12 of lump sum for every £1 of pension given up. You can find a calculator tool to help you model the amount of lump sum (or additional lump sum) you can claim on the website at: www.hscpensions.hscni.net. Claiming a lump sum (or bigger lump sum) does not affect the level of adult dependent's pension or children's pension payable. You must indicate whether or not you want a lump sum (other than the mandatory lump sum, if applicable) by ticking the appropriate box. If you want a lump sum (or additional lump sum) then select either:

- A. the maximum lump sum, which may incur a tax charge; or
- B. enter a lump sum in whole £s in multiples of £12, which together with any 'mandatory lump sum' (if applicable), is less than the permitted maximum lump sum.

6.4 2015 Scheme

There is no basic lump sum entitlement but you do have the option of receiving a retirement lump sum by giving up part of your pension. You will receive £12 of lump sum for every £1 of pension given up. You can find a calculator tool to help you model the amount of lump sum you can claim on the website at: www.hscpensions.hscni.net. Claiming a lump sum does not affect the level of adult dependent's pension or children's pension payable. You must indicate whether or not you want a lump sum by ticking the appropriate box. If you want a lump sum then select either:

- A. the maximum lump sum, which may incur a tax charge; or
- B. enter a lump sum in whole £s in multiples of £12 which, is less than the permitted maximum lump sum.

Part 7 – Employment Details

If you are claiming benefits from the 1995 Section you normally have to have stopped working in the HSC for at least 24 hours before you can become entitled to receive them. Your pension, under the 1995 Section, may be suspended if you return to HSC employment (including a Direction Body/Independent Provider) within one calendar month. Work in the HSC totalling 16 hours or less a week is ignored for this purpose. Exceptions are where you have deferred

pension under the 1995 Section and current membership under the 2008 Section or 2015 Scheme or, you are drawing down some of your 2008/2015 benefits. In these cases it is not necessary to have stopped working in the HSC for at least 24 hours before becoming entitled to receive your deferred 1995 Section benefits.

Returning to work following Ill Health Retirement:

If you are receiving a Tier 2 Ill Health Pension, in certain circumstances, if you return to work your pension benefits may be affected. Our website provides more detailed information on how your pension may be affected. It is important that you read this factsheet and make yourself aware of restrictions for those members who have retired on a Tier 2 ill health pension.

If, following payment of your Tier 2 Ill Health Pension you have returned to work with **any** employer, which includes employment outside the HSC, you should inform HSC Pension Service immediately of the dates of your re-employment and the details of your earnings.

Part 8 – Payment Details

Please enter the details of the Bank or Building Society where you would like your benefits to be paid. Your benefits will only be paid into a bank or building society account, as this is the safest method of payment. Complete this section fully to ensure HSC Pension Service can arrange payment of your benefits.

If your bank account is outside the UK, payments can be made direct, providing it is one of the countries listed in the Retirement Guide and it is capable of receiving secure electronic payments of funds. You will need to complete the mandate for the payment to be made to an overseas bank and attached it to this claim form. This is available by contacting HSC Pension Service directly on 028 71 319111 (option 1).

Part 9 - Declaration

You must read the declaration before you sign and date the application form.

You must read the Retirement Guide and any associated factsheets if you are unclear on any of the points in this section. Information on the recycling of pension commencement lump sum is available on the 'Guide for pensioners and their dependants'.
